STEP 2 :

Unpack all legs. There are pre-drilled holes and stickers (A/B/C) pasted at the bottom side of the top. The same stickers (A/B/C) are pasted on legs as well. Put leg on the top as per the (IMAGE-2) using the location of pre-drilled holes and matching the stickers. Lock it using saw threaded screws (M4x16) , attached in the hardware kit. Ensure all screws are completely tightened by screwdriver machine.

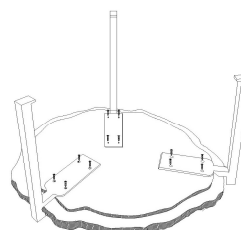

IMAGE 2 - ASSEMBLY OF LEG WITH TOP

Repeat the same process for all three legs as per the (IMAGE-2).

STEP 3 :

Before moving the table in the correct position check all the hardware fitting, and slowly flip the table in air. For moving the product 2 persons are recommended. Your table is ready to use.

CARE & MAINTANCE INSTRUCTIONS

- Use a clean soft cotton cloth to wipe the surface. Do not use abrasive or chemical cleaners.
- Wipe the surface immediately if any liquid product spills on the top.
- During normal use every day, screws, bolts, nuts, and wooden plugs may loosen up. They should be periodically inspected and re-tightened to prevent damage to the furniture and (or) personal property or cause injury. Always check to be sure all hardware on this list and the above-mentioned components is attached to the furniture properly and kept always tightened.
