U3 Universal Assembly instructions disclaimer text

Thank you for purchasing this quality product. Be sure to check all packing material carefully for small parts that may have come loose inside the carton during shipment.

Caution:

(1) These parts are cumbersome and heavy. This product can best be assembled with the assistance of one or more persons in order to prevent personal injury and to insure parts are not damaged during the assembly process. If dirty, clean finished parts with mild dishwashing liquid and water solution applied on a damp cloth. The cloth should not be excessively wet. Polish finish with a soft cloth and an industry recognized furniture polish.

(2) To prevent damage to your floor or carpet, please check the bottom of each piece of furniture for stain residue and rough surfaces and also check for staples or nails left after removing the packaging material. The manufacturer will not be held responsible if preventative steps are not taken prior to installation.

(3) Unpack and dispose of all packing material but be careful not to throw away any assembly parts or hardware. Read the instruction sheet and parts list carefully. Remove all staples and screws used for packaging carefully using pliers and (or) screwdrivers to prevent injury and scratching or damaging flooring.

(4) During normal use everyday, screws, bolts, nuts and wooden plugs may loosen up. They should be periodically inspected and re-tightened to prevent damage to the furniture and (or) personal property or cause injury. Always check to be sure all hardware on this list and the above mentioned components is attached to the furniture properly and kept tightened at all times.

Step 1

lay the 4 legs (1) and 2 cross frames (2&3) out on a soft surface. Keep the threaded rods (E), half moons (F) and nuts (G) close by. Screw the threaded rods into the centre holes at the upper and lower connection points. Screw them in with your fingers until they stop turning.

Step 2

Place one end of each cross frame over the threaded rod until you can see it appear in the round hole near each end of the cross. Place the half moon and nut over the end of the threaded rod and tighten. Repeat this process for the top leg and then again for the left and right legs. Tighten all the nuts against the half moons at each connection point.

Step 3

turn the leg assembly the right way up.
