smARTstuff™
furniture for kids.

genevieve

Imagine the unpretentious beauty of the green-roofed carousel in the Jardin du Luxembourg in Paris, and you'll get a feel for Genevieve, a new girl's collection from smartstuff.™ As irresistibly unfussy as the painted wooden horses on the garden's antique carousel, Genevieve captures the youthful essence of unaffected grace and style. With traditional silhouettes and distinctive French details, Genevieve is fresh and subtly feminine in a French White finish. A sophisticated mix of coordinated pieces creates a collected look that appeals to girls of all ages.
